

From the Volunteer Tennessee 2025 CERT Resource Guide

In a disaster, a CERT training cargo trailer could be used by trained volunteers in a response role. Consider whether to stock a cache, located in an area separate from the training supplies, of additional PPE and response gear such as: CERT backpacks, CERT helmets, CERT caps, Kelly green reflective CERT vests, leather & nitrile gloves, safety goggles, N-95 masks, ponchos, emergency blankets, chemical A-B-C fire extinguishers, traffic cones, tools, rolling white dry-erase boards, and/or white melamine panels on the interior of the trailer doors (see photos).

Suggested CERT trailer contents

equipment trailer		cash donations	
wire shelving (for inside of trailer)		first aid supplies	
power generator		rubber work boots	
fuel cans		rain ponchos	
heavy duty power cords 50' - 200'		gas leak detector	
electric work lights		yellow carpenter crayons	
electric circular saw		staple gun - staples	
electric drill w/ bits		medical exam gloves	
electric reciprocating saw		battery operated weather alert radio	
chain saws		FRS/GMRS radios	
ice chest		hard hats	
water coolers		goggles	
saw horses - folding type		ink pens	
work planks (2"x8"x 6')		legal pads (letter size)	
folding table		clip boards (letter size)	
crow bars		file folders (letter size)	
pry bars		zip lock bags (gallon size)	
assorted 4X4 blocks (cribbing)		wire ties	
shovels (scoop - spade)		step ladders	
rakes - heavy duty		folding ladder (Little Giant type)	
trash cans - with lid		orange traffic cones	
trash bags		caution tape	
tool box		emergency blankets (space blanket)	
hammers - carpenters		fire extinguishers	
hammers - sledge		Cable winch (come-along)	
screw drivers		hydraulic bottle jacks	
pliers		digital camera	
bolt cutter		flashlights	
wire cutters		batteries
