You are what keeps us going

First and foremost, we want to express our heartfelt gratitude for your generosity and unwavering support. Your donations have made a significant difference in helping us fight these multiple fires affecting our communities.

While the City of Los Angeles and the Los Angeles Fire Department are more than grateful for your support, please do not drop off donations at fire stations or shelters as it impacts the critical operations of these frontline responders.

For those wishing to donate, we can only accept non-perishable, individually wrapped items and other essential goods to benefit those impacted by the 2025 wildfires. We are not accepting services at this time.

As we continue our mission, we want to ensure that every contribution is used as effectively as possible. To do this, we kindly ask for your help.

Here's how you can help:
